Open Arms Pregnancy Care Center & Real Choices Clinic celebrates today the Idaho governor's signing of Senate Bill 1309. This bill, scheduled to go into effect in thirty days, will make most abortions illegal in the State of Idaho once a fetal heartbeat is detectable, usually revealed at six weeks of gestational age. We thank God for this victory and stand in unity with all Idahoans who desire to protect and defend the preborn who cannot stand for themselves.

Open Arms remains committed to serving the preborn, the mothers and the families of North Idaho, and revealing God's design for human life, sexual integrity, and reproductive health. Serving our community now for 22 years, we will continue to assist individuals to make life-affirming choices and to support those choices with education, compassionate support, and pregnancy related services.
